

PRODUCT LINE REPORT

0.5 CUBIC FOOT HORIZONTAL MIXER

**ADVANCED
TECHNOLOGY
PROVEN DESIGN**

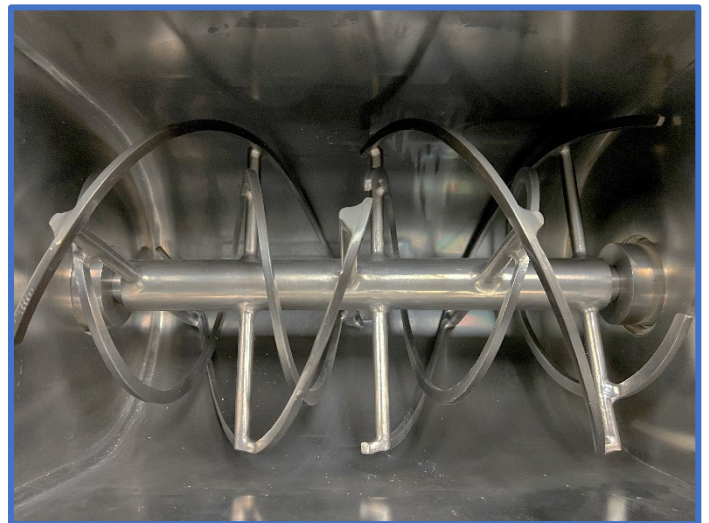

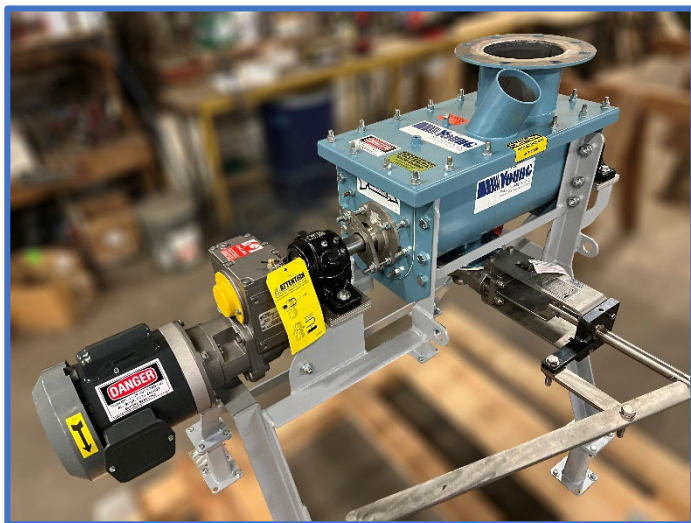

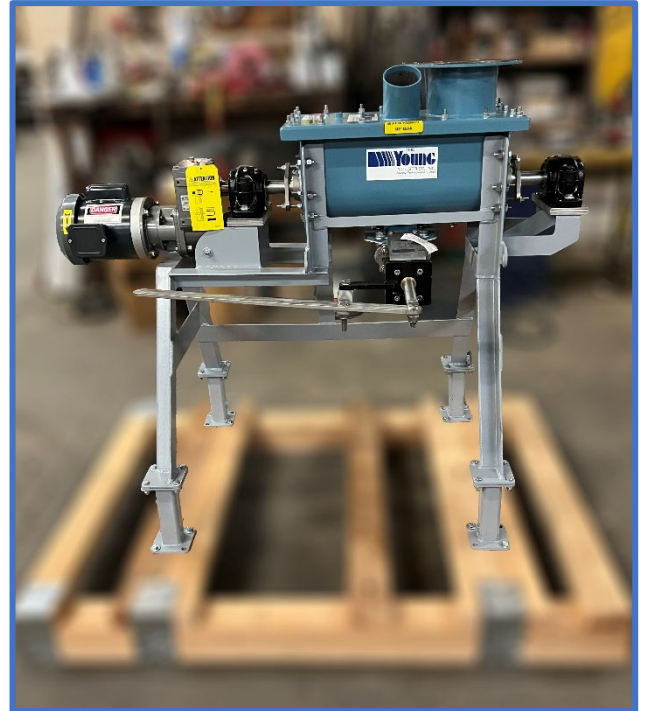

Young Industries Horizontal Ribbon Mixers are designed to thoroughly mix materials without wasting power. Each of our mixers is custom designed and manufactured to meet the exact application at the exact horsepower required.

We recently had the opportunity to manufacture a 0.5 cubic foot Horizontal Laboratory Mixer that includes many of our standard features.

- Carbon steel construction
- Slotted ends for easy agitator removal
- Manually operated knife gate valve at discharge
- Double ribbon agitator

This mixer is designed to efficiently mix glass batch, 24 hours a day, 7 days a week.
